Why Sponsor Anera’s Virtual Gala?

Your sponsorship will equip Anera with resources to carry out impactful humanitarian relief and development programs in Palestine, Lebanon and Jordan.

This Gala is our main fundraiser of the year. We will be featuring engaging, original performances from artists around the world, including the musicians Joubran Trio, Omar Kamal, 47 Soul, and Lina Makhoul and Palestinian poet Rafeef Ziadah. Actor Yasmine Al Massri will be master of ceremony.

This year we cannot gather for our usual Annual Dinner, and we will miss being with you in person. But our work together continues and vulnerable families and communities still need your support.

Our 2020 Virtual Gala will highlight Anera’s green programs that reuse resources that would otherwise go to waste, respect land and water by using these natural riches in the most eco-friendly ways, and replenish the beauty of the land through responsible waste and water management and the use of renewable energy sources.

Who We Are

For 52 years, Anera’s donors have helped refugees and others hurt by conflicts in the Middle East live with dignity and purpose. Anera, an American non-profit with no political or religious affiliation, works on the ground with partners in the West Bank, Gaza, Lebanon and Jordan. We mobilize resources for emergency relief and for sustainable, long-term health, water, education, and economic development projects.

Working with local partners in 2019, Anera delivered humanitarian relief and sustainable health, education, and economic development projects, thanks to donor support totaling $56.2 million.

Highlights from Anera’s Work

$30.8 million in medicines, supplies and humanitarian aid delivered to Palestine and Lebanon.

5,041 refugee teens learned Arabic, English, math and valuable job skills across Lebanon.

6 new preschools built in the West Bank, giving hundreds of preschoolers access to vital education.

104 Gaza farming families fed their families and sold fresh produce from their greenhouses.

26,500 Palestinians now have reliable connections to potable water in the West Bank and Gaza.

2,090 refugee families received nutritious and filling food parcels during Ramadan in Lebanon and Gaza.

100 women entrepreneurs enrolled in a program to start or build up small businesses in the West Bank.

610 children with special needs gained access to rehabilitated educational, physical and cognitive therapy facilities in Jerusalem.

35,000 patients got access to improved medical services through the rehabilitation of a hospital in Lebanon.

1 wastewater reuse facility added a reservoir and pumping station to enable park irrigation and fire-fighting in Ramallah.

92% of funds are spent on projects in the Middle East.
